COVID-19 Update:

On March 11, 2020, Edgewood activated its Business Continuity and Disaster Recovery Plan in response to the COVID-19 global pandemic. Edgewood seamlessly pivoted to remote working with all teams including the investment team, trading, and client service teams successfully performing their job functions remotely. Edgewood also opened an office in Greenwich, CT to provide office space for employees that preferred to work in an office. As the local COVID-19 infection rates continue to decline coupled with the relatively high vaccinations levels, Edgewood employees are returning to Edgewood's offices. Edgewood has implemented a number of safety precautions including enhanced cleanings of offices, sanitization stations, personal protective equipment, requiring social distancing, and daily screenings.

Furthermore, the Edgewood Greenwich, CT office located at 600 Steamboat Road, Suite 103, Greenwich, CT 06830 will be Edgewood's principal place of business going forward. Edgewood will maintain the 535 Madison Avenue, 15th Floor, New York, NY 10022 office mainly for administrative staff. Edgewood's main phone number remains (212) 652-9100 and fax number is (212) 652-9101.

The health and safety of our employees continues to be of paramount concern. Edgewood will continue to monitor applicable government guidance and mandates which will inform our policies as we return to the offices. These past 15+ months were a challenge most could not have expected and we are proud of the remarkable resiliency each Edgewood employee demonstrated during this time.

Lastly, please do not hesitate to reach out to one of Edgewood's partners on their direct lines as follows:

Alan Breed	(212) 652-9120
Scott Edwardson	(212) 313-6068
